

# Texas Water Development Board

## PROJECT FUNDING REQUEST

**BOARD DATE:** December 7, 2023

**Team Manager:** Joe Koen

### ACTION REQUESTED

Consider approving by resolution a request from the City of Aledo (Parker County) to amend Texas Water Development Board Resolution 20-048 to authorize a \$3,515,000 increase in financial assistance from the Clean Water State Revolving Fund for construction of a wastewater collection system project.

### STAFF RECOMMENDATION

Approve       No Action

### BACKGROUND

The City of Aledo (City) is located in Parker County approximately 20 miles west of Fort Worth, Texas. The City provides water and wastewater services to a population of approximately 5,320 residents and 1,956 connections.

In May 2020, the Texas Water Development Board (TWDB) approved a \$4,230,000 commitment to the City for design, acquisition, and construction of the Clear Fork Interceptor Sewer (Project No. 72879). The City has completed planning and design, and the project is currently under construction. The City has experienced significant construction cost increases due to inflation. Project costs have exceeded the budget, and the City requires additional funds to complete construction of the project.

### PROJECT NEED AND DESCRIPTION

The City is experiencing high growth rates near 10% each year. This growth is creating a need to increase the capacity of the Old Tunnel Lift Station and the downstream gravity wastewater line (known as the Clear Fork Interceptor Sewer).

The City is requesting additional construction funding to address a shortfall due to escalated construction costs. The City will construct a new interceptor sewer system with approximately 5,900 LF of new sewer lines, and upgrade the existing lift station with new wet well, pumps, generator, SCADA, and control panel.

### PROJECT SCHEDULE

Task	Schedule Date
Closing	March 1, 2024
Engineering Feasibility Report Completion (End of Planning Phase)	March 31, 2021
Design Phase Completion	March 10, 2022
Start of Construction	February 25, 2023
Construction Completion	December 31, 2023

**COMMITMENT PERIOD:** TWELVE (12) MONTHS TO EXPIRE DECEMBER 31, 2024

**KEY ISSUES**

The City is requesting funding from the 2023 Clean Water State Revolving Fund Project Reserve dedicated to existing projects with cost increases. The request is for additional funds needed as a result of cost increases to the original project only, no additional work is proposed.

**LEGAL/SPECIAL CONDITIONS**

## City of Aledo

Risk Score: 2A

Audit Reviewed: FY 2022

### Key Indicators

Indicator	Result	Benchmark
Population Growth, Average Annual 2010-2020	City: 5.99%	State: 1.49%
Top 10 Customers % of Total Revenue	1.30%	10-15%
Median Household Income as % of State	168%	100%
Days of Cash on Hand (3-year Average)	1,178 days	30-149 days
Net Fixed Assets/ Annual Depreciation	26 years	12-24 years
Debt Service Coverage Ratio	1.20x	1.1x
Debt-to-Operating Revenues	4.35	4.00-5.99x
Unemployment Rate (September 2023)	City: 3.40%	State: 4.10%
Working Capital Ratio	4.315	> 1.0
Cash Balance Ratio	74.02%	0-9.99%

### Key Risk Score Strengths

- The City's days of cash on hand are above the benchmark, indicating sufficient reserves for operating expenses.
- The total assessed valuation per capita of \$166,304 shows a strong base to provide revenue to service the existing and proposed debt.
- The City's cash balance has grown from \$3,015,755 in 2017 to \$5,874,635 in 2022. With a cash balance ratio of 74.02%, the City demonstrates solid financial health and resilience.
- With the debt service coverage ratio of 1.20 times, the City has sufficient revenues to cover the existing and proposed debt. No rate increase is projected.

### Key Risk Score Concerns

- None.

### PLEDGE

Legal Pledge Name	Ad Valorem Tax and Utility System Revenues
Type of Pledge	<input type="checkbox"/> Tax <input type="checkbox"/> Revenue <input checked="" type="checkbox"/> Tax & Revenue <input type="checkbox"/> Contract <input type="checkbox"/> Other
Revenue Pledge Level	<input type="checkbox"/> First <input type="checkbox"/> Second <input checked="" type="checkbox"/> Third <input type="checkbox"/> N/A

### RATES AND CHARGES

Average Residential Use	Gallons/Month	Current Rates	Projected Rates (Year 2023)	Current Household Cost Factor	Projected Household Cost Factor
Water	8,475	\$38.15	\$38.15	0.91	0.91
Wastewater	8,776	\$40.99	\$40.99		

**TAXES**

	2023 Tax Year Rate	Max Projected Tax Rate	Maximum Allowable Rate	3-Year Avg Current Tax Collections	Assessed Valuation
Maintenance & Operation	\$0.2513	\$0.2513	\$1.50	97%	\$807,902,781
Interest & Sinking	\$0.1318	\$0.1318			
Total Tax Rate	\$0.3831	\$0.3831			

Cost Savings

Based on a 30-year maturity schedule and current interest rates, the City could save approximately \$567,404 over the life of the financing.

A RESOLUTION OF THE TEXAS WATER DEVELOPMENT BOARD  
AMENDING TWDB RESOLUTION NO. 20-048  
TO PROVIDE ADDITIONAL FINANCIAL ASSISTANCE IN THE AMOUNT OF \$3,515,000  
TO THE CITY OF ALEDO THROUGH THE PROPOSED PURCHASE OF  
\$3,515,000 CITY OF ALEDO, TEXAS COMBINATION TAX AND WATERWORKS AND SEWER  
SYSTEM SURPLUS REVENUE CERTIFICATES OF OBLIGATION,  
PROPOSED SERIES 2024

(23 - )

Recitals:

At its May 21, 2020 meeting, the Texas Water Development Board (TWDB), by TWDB Resolution No. 20-048, made a commitment to provide financial assistance to the City of Aledo (City), located in Parker County, for the purpose of financing improvements to the City's wastewater system in the amount of \$4,230,000 consisting of the TWDB's purchase of \$4,230,000 City of Aledo, Texas, Combination Tax and Waterworks and Sewer System Surplus Revenue Certificates of Obligation, Proposed Series 2020, from the Clean Water State Revolving Fund program, all as is more specifically set forth in the TWDB's Resolution and accompanying documentation, to which documents express reference is made.

The City has requested that the TWDB amend the previous resolutions, TWDB Resolution No. 20-048, to provide additional financial assistance to enable the construction of a wastewater system improvements.

In accordance with the Texas Water Code, the TWDB has carefully considered all matters required by law.

Findings:

The TWDB hereby finds that the amendment to the term of this loan is reasonable and that the request is in the public interest and will serve a public purpose.

The term of the Obligations does not exceed the expected useful life of the project proposed by the City.

The Executive Administrator issued a Finding of No Significant Impact on October 19, 2020. These findings are subject to the standard emergency discovery conditions for threatened and endangered species and cultural resources in the Project contract documents. The TWDB concurs with the environmental finding issued by the Executive Administrator.

NOW, THEREFORE, based on these considerations and findings, the TWDB resolves as follows:

A commitment is made by the TWDB to the City of Aledo for financial assistance in the amount of \$3,515,000 from the Clean Water State Revolving Fund through the TWDB's proposed purchase of \$3,515,000 City of Aledo, Texas, Combination Tax and Waterworks and Sewer System Surplus Revenue Certificates of Obligation, Proposed Series 2024. This commitment will expire on December 31, 2024.

All other terms and conditions of TWDB Resolution No. 20-048 shall remain in full force and effect except as follows:

1. TWDB Resolution 20-048 Condition No. 8 is replaced with: The Obligations must require the City to use any proceeds from the Obligations that are determined to be surplus funds in a manner approved by the Executive Administrator. Surplus funds are funds remaining after completion of the project and completion of a final accounting.
2. TWDB Resolution 20-048 Condition No. 28 is replaced with: The Obligations must provide that the City will provide the TWDB with all information required to be reported in accordance with the Federal Funding Accountability and Transparency Act of 2006, Pub. L. 109-282, as amended by Pub. L. 110-252. The City will obtain a Unique Entity Identification Number and shall register with System for Award Management (SAM) and maintain current registration at all times during which the Obligations are outstanding.
3. TWDB Resolution 20-048 Condition No. 33 is replaced with: The City must pay at closing an origination fee approved by the Executive Administrator of the TWDB pursuant 31 TAC Chapter 375.

The following conditions are added to TWDB Resolution No. 20-048:

4. The Obligations must provide that the City must comply with all applicable federal laws and TWDB laws and rules related to the use of the financial assistance.
5. The Obligations must provide that the City must comply with all conditions as specified in the final environmental finding of the Executive Administrator including the standard emergency discovery conditions for threatened and endangered species and cultural resources.
6. The Obligations must require the City to maintain insurance coverage sufficient to protect the TWDB's interest in the project.
7. The Obligations must provide that the City must submit annually an audit prepared by a certified public accountant in accordance with generally accepted auditing standards.

8. The City must immediately notify TWDB, in writing, of any suit against it by the Attorney General of Texas under Texas Penal Code § 1.10(f) (related to federal laws regulating firearms, firearm accessories, and firearm ammunition).
9. Before closing, the City must submit the annual water conservation report, per the water conservation program memorandum approved by the TWDB.
10. The Obligations must provide that the City shall abide by the prohibition on certain telecommunications and video surveillance services or equipment as required by 2 CFR § 200.216.

APPROVED and ordered of record this 7th day of December 2023.

TEXAS WATER DEVELOPMENT BOARD

\_\_\_\_\_  
Brooke T. Paup, Chairwoman

DATE SIGNED: \_\_\_\_\_

ATTEST:

\_\_\_\_\_  
Jeff Walker, Executive Administrator

A RESOLUTION OF THE TEXAS WATER DEVELOPMENT BOARD  
APPROVING AN APPLICATION FOR FINANCIAL ASSISTANCE IN THE AMOUNT OF  
\$4,230,000 TO THE CITY OF ALEDO  
FROM THE CLEAN WATER STATE REVOLVING FUND  
THROUGH THE PROPOSED PURCHASE OF  
\$4,230,000 CITY OF ALEDO, TEXAS, COMBINATION TAX AND WATERWORKS AND SEWER  
SYSTEM SURPLUS REVENUE CERTIFICATES OF OBLIGATION,  
PROPOSED SERIES 2020

(20-048)

WHEREAS, the City of Aledo (City), located in Parker County has filed an application for financial assistance in the amount of \$4,230,000 from the Clean Water State Revolving Fund (CWSRF) to finance the planning, acquisition, design and construction of certain wastewater system improvements identified as Project No. 73879; and

WHEREAS, the City seeks financial assistance from the Texas Water Development Board (TWDB) through the TWDB's proposed purchase of \$4,230,000 City of Aledo, Texas, Combination Tax and Waterworks and Sewer System Surplus Revenue Certificates of Obligation, Proposed Series 2020 (together with all authorizing documents, (Obligations)), all as is more specifically set forth in the application and in recommendations of the TWDB's staff; and

WHEREAS, the City has offered a pledge of ad valorem tax and waterworks and sewer system surplus revenue as sufficient security for the repayment of the Obligations; and

WHEREAS, the commitment is approved for funding under the TWDB's pre-design funding option, and initial and future releases of funds are subject to 31 TAC § 375.14; and

WHEREAS, the TWDB hereby finds:

1. that the revenue and/or taxes pledged by the City will be sufficient to meet all the Obligations assumed by the City, in accordance with Texas Water Code § 15.607;
2. that the application and assistance applied for meet the requirements of the Federal Water Pollution Control Act, 33 U.S.C. §§ 1251 *et seq.*, as well as state law, in accordance with Texas Water Code § 15.607; and
3. that the City has adopted and implemented a water conservation program for the more efficient use of water that will meet reasonably anticipated local needs and conditions and that incorporates practices, techniques or technology prescribed by the Texas Water Code and TWDB's rules.

NOW THEREFORE, based on these findings, the TWDB resolves as follows:

A commitment is made by the TWDB to the City of Aledo for financial assistance in the amount of \$4,230,000 from the Clean Water State Revolving Fund through the TWDB's proposed purchase of \$4,230,000 City of Aledo, Texas, Combination Tax and Waterworks and Sewer System Surplus Revenue Certificates of Obligation, Proposed Series 2020. This commitment will expire on May 31, 2021.

Such commitment is conditioned as follows:

**Standard Conditions**

1. this commitment is contingent on a future sale of bonds by the TWDB or on the availability of funds on hand;
2. this commitment is contingent upon the issuance of a written approving opinion of the Attorney General of the State of Texas stating that all of the requirements of the laws under which said Obligations were issued have been complied with; that said Obligations were issued in conformity with the Constitution and laws of the State of Texas; and that said Obligations are valid and binding obligations of the City;
3. this commitment is contingent upon the City's compliance with all applicable requirements contained in 31 TAC Chapter 375;
4. the Obligations must provide that the City agrees to comply with all of the conditions set forth in the TWDB Resolution, which conditions are incorporated herein;
5. the Obligations must provide that the Obligations can be called for early redemption on any date beginning on or after the first interest payment date which is 10 years from the dated date of the Obligations, at a redemption price of par, together with accrued interest to the date fixed for redemption;
6. the City, or an obligated person for whom financial or operating data is presented to the TWDB in the application for financial assistance either individually or in combination with other issuers of the City's Obligations or obligated persons, will, at a minimum, regardless of the amount of the Obligations, covenant to comply with requirements for continuing disclosure on an ongoing basis substantially in the manner required by Securities and Exchange Commission (SEC) in 17 CFR § 240.15c2-12 (Rule 15c2-12) and determined as if the TWDB were a Participating Underwriter within the meaning of such rule, such continuing disclosure undertaking being for the benefit of the TWDB and the beneficial owners of the City's Obligations, if the TWDB sells or otherwise transfers such Obligations, and the beneficial owners of the TWDB's bonds if the City is an obligated person with respect to such bonds under SEC Rule 15c2-12;

7. the Obligations must contain a provision requiring the City to levy a tax and/or maintain and collect sufficient rates and charges, as applicable, to produce system funds in an amount necessary to meet the debt service requirements of all outstanding obligations and to maintain the funds established and required by the Obligations;
8. the Obligations must include a provision requiring the City to use any loan proceeds from the Obligations that are determined to be remaining unused funds, which are those funds unspent after the original approved project is completed, for enhancements to the original project that are explicitly approved by the Executive Administrator or if no enhancements are authorized by the Executive Administrator, requiring the City to submit a final accounting and disposition of any unused funds;
9. the Obligations must include a provision requiring the City to use any loan proceeds from the Obligations that are determined to be surplus funds remaining after completion of the project and completion of a final accounting in a manner as approved by the Executive Administrator;
10. the Obligations must contain a provision that the TWDB may exercise all remedies available to it in law or equity, and any provision of the Obligations that restricts or limits the TWDB's full exercise of these remedies shall be of no force and effect;
11. loan proceeds are public funds and, as such, the Obligations must include a provision requiring that these proceeds shall be held at a designated state depository institution or other properly chartered and authorized institution in accordance with the Public Funds Investment Act, Government Code, Chapter 2256, and the Public Funds Collateral Act, Government Code, Chapter 2257;
12. loan proceeds shall not be used by the City when sampling, testing, removing or disposing of contaminated soils and/or media at the project site. The Obligations shall include an environmental indemnification provision wherein the City agrees to indemnify, hold harmless and protect the TWDB from any and all claims, causes of action or damages to the person or property of third parties arising from the sampling, analysis, transport, storage, treatment and disposition of any contaminated sewage sludge, contaminated sediments and/or contaminated media that may be generated by the City, its contractors, consultants, agents, officials and employees as a result of activities relating to the project to the extent permitted by law;
13. prior to closing, the City shall submit documentation evidencing the adoption and implementation of sufficient system rates and charges and/or the levy of an interest and sinking tax rate (if applicable) sufficient for the repayment of all system debt service requirements;

14. prior to closing, and if not previously provided with the application, the City shall submit executed contracts for engineering, and, if applicable, financial advisor and bond counsel contracts, for the project that are satisfactory to the Executive Administrator. Fees to be reimbursed under the contracts must be reasonable in relation to the services performed, reflected in the contract, and acceptable to the Executive Administrator;
15. prior to closing, when any portion of the financial assistance is to be held in escrow or in trust, the City shall execute an escrow or trust agreement, approved as to form and substance by the Executive Administrator, and shall submit that executed agreement to the TWDB;
16. the Executive Administrator may require that the City execute a separate financing agreement in form and substance acceptable to the Executive Administrator;

**Conditions Related to Tax-Exempt Status**

17. the City's bond counsel must prepare a written opinion that states that the interest on the Obligations is excludable from gross income or is exempt from federal income taxation. Bond counsel may rely on covenants and representations of the City when rendering this opinion;
18. the City's bond counsel opinion must also state that the Obligations are not "private activity bonds." Bond counsel may rely on covenants and representations of the City when rendering this opinion;
19. the Obligations must include a provision prohibiting the City from using the proceeds of this loan in a manner that would cause the Obligations to become "private activity bonds" within the meaning of section 141 of the Internal Revenue Code of 1986, as amended (Code) and the Treasury Regulations promulgated thereunder (Regulations);
20. the Obligations must provide that no portion of the proceeds of the loan will be used, directly or indirectly, in a manner that would cause the Obligations to be "arbitrage bonds" within the meaning of section 148(a) of the Code and Regulations, including to acquire or to replace funds which were used, directly or indirectly, to acquire Nonpurpose Investments (as defined in the Code and Regulations) which produce a yield materially higher than the yield on the TWDB's bonds that are issued to provide financing for the loan (Source Series Bonds), other than Nonpurpose Investments acquired with:
  - a. proceeds of the TWDB's Source Series Bonds invested for a reasonable temporary period of up to three (3) years after the issue date of the Source Series Bonds until such proceeds are needed for the facilities to be financed;

- b. amounts invested in a bona fide debt service fund, within the meaning of section 1.148-1(b) of the Regulations; and
  - c. amounts deposited in any reasonably required reserve or replacement fund to the extent such amounts do not exceed the least of maximum annual debt service on the Obligations, 125% of average annual debt service on the Obligations, or 10 % of the stated principal amount (or, in the case of a discount, the issue price) of the Obligations;
21. the Obligations must include a provision requiring the City take all necessary steps to comply with the requirement that certain amounts earned on the investment of gross proceeds of the Obligations be rebated to the federal government in order to satisfy the requirements of section 148 of the Code. The Obligations must provide that the City will:
- a. account for all Gross Proceeds, as defined in the Code and Regulations, (including all receipts, expenditures and investments thereof) on its books of account separately and apart from all other funds (and receipts, expenditures and investments thereof) and retain all records of such accounting for at least six years after the final Computation Date. The City may, however, to the extent permitted by law, commingle Gross Proceeds of its loan with other money of the City, provided that the City separately accounts for each receipt and expenditure of such Gross Proceeds and the obligations acquired therewith;
  - b. calculate the Rebate Amount, as defined in the Code and Regulations, with respect to its loan, not less frequently than each Computation Date, in accordance with rules set forth in section 148(f) of the Code, section 1.148-3 of the Regulations, and the rulings thereunder. The City shall maintain a copy of such calculations for at least six years after the final Computation Date;
  - c. as additional consideration for the making of the loan, and in order to induce the making of the loan by measures designed to ensure the excludability of the interest on the TWDB's Source Series Bonds from the gross income of the owners thereof for federal income tax purposes, pay to the United States the amount described in paragraph (b) above within 30 days after each Computation Date;
  - d. exercise reasonable diligence to assure that no errors are made in the calculations required by paragraph (b) and, if such error is made, to discover and promptly to correct such error within a reasonable amount of time thereafter, including payment to the United States of any interest and any penalty required by the Regulations;

22. the Obligations must include a provision prohibiting the City from taking any action that would cause the interest on the Obligations to be includable in gross income for federal income tax purposes;
23. the Obligations must provide that the City will not cause or permit the Obligations to be treated as “federally guaranteed” obligations within the meaning of section 149(b) of the Code;
24. the transcript must include a No Arbitrage Certificate or similar Federal Tax Certificate setting forth the City’s reasonable expectations regarding the use, expenditure and investment of the proceeds of the Obligations;
25. the Obligations must contain a provision that the City will refrain from using from using the proceeds provided by this TWDB commitment or the proceeds of any prior bonds to pay debt service on another issue more than 90 days after the date of issue of the Obligations in contravention of the requirements of section 149(d) of the Code (relating to advance refundings);
26. the transcript must include evidence that the information reporting requirements of section 149(e) of the Code will be satisfied. This requirement may be satisfied by filing an IRS Form 8038 with the Internal Revenue Service. In addition, the applicable completed IRS Form 8038 or other evidence that the information reporting requirements of section 149(e) have been satisfied must be provided to the Executive Administrator within fourteen (14) days of closing. The Executive Administrator may withhold the release of funds for failure to comply;
27. the Obligations must provide that neither the City nor a related party thereto will acquire any of the TWDB’s Source Series Bonds in an amount related to the amount of the Obligations to be acquired from the City by the TWDB;

#### State Revolving Fund Conditions

28. the City shall submit outlay reports with sufficient documentation on costs on a quarterly or monthly basis in accordance with TWDB outlay report guidelines;
29. the Obligations must include a provision stating that all laborers and mechanics employed by contractors and subcontractors for projects shall be paid wages at rates not less than those prevailing on projects of a similar character in the locality in accordance with the Davis-Bacon Act, and the U.S. Department of Labor’s implementing regulations. The City, all contractors, and all sub-contractors shall ensure that all project contracts mandate compliance with Davis-Bacon. All contracts and subcontracts for the construction of the project carried out in whole or in part with financial assistance made available as provided herein shall insert in full in any contract in excess of \$2,000 the contracts clauses as provided by the TWDB;

30. the Obligations must include a provision stating that the City shall provide the TWDB with all information required to be reported in accordance with the Federal Funding Accountability and Transparency Act of 2006, Pub. L. 109-282, as amended by Pub. L. 110-252. The City shall obtain a Data Universal Numbering System (DUNS) Number and shall register with System for Award Management (SAM), and maintain current registration at all times during which the Obligations are outstanding;
31. the Obligations shall provide that all loan proceeds will be timely and expeditiously used, as required by 40 CFR § 35.3135(d), and also shall provide that the City will adhere to the approved project schedule;
32. the Obligations must contain a covenant that the City will abide by all applicable construction contract requirements related to the use of iron and steel products produced in the United States, as required by 31 TAC § 375.3, 33 U.S.C. § 1388, and related State Revolving Fund Policy Guidelines;
33. the Obligations must contain language detailing compliance with the requirements set forth in 33 U.S.C. § 1382 *et seq.* related to maintaining project accounts containing financial assistance for planning, design, acquisition, or construction, as applicable, in accordance with generally accepted accounting principles (GAAP). These standards and principles also apply to the reporting of underlying infrastructure assets;
34. the City shall submit, prior to the release of funds, a schedule of the useful life of the project components prepared by an engineer as well as a certification by the applicant that the average weighted maturity of the obligations purchased by the TWDB does not exceed 120% of the average projected useful life of the project, as determined by the schedule;

#### Clean Water State Revolving Fund Conditions

35. the City shall pay at closing an origination fee approved by the Executive Administrator of the TWDB pursuant 31 TAC Chapter 375; and
36. at the TWDB's option, the TWDB may fund the financial assistance under this Resolution with either available cash-on-hand or from bond proceeds. If the financial assistance is funded with available cash-on-hand, the TWDB reserves the right to change the designated source of funds to bond proceeds issued for the purpose of reimbursing funds used to provide the financial assistance approved in this Resolution;

## **Tax and Surplus Revenue Pledge**

37. the Obligations must contain a provision that provides as follows:
- a. if system revenues are actually on deposit in the Interest and Sinking Fund in advance of the time when ad valorem taxes are scheduled to be levied for any year, then the amount of taxes which otherwise would have been required to be levied and collected may be reduced to the extent and by the amount of revenues then on deposit in the Interest and Sinking Fund; or
  - b. if surplus revenues are based upon budgeted amounts:
    - i. the Obligations must include a requirement that the City transfer and deposit in the Interest and Sinking Fund each month an amount of not less than 1/12th of the annual debt service on the Obligations until the amount on deposit in the Interest and Sinking Fund equals the amount required for annual debt service on the Obligations; further, that the ordinance authorizing the issuance of the Obligations must include a requirement that the City shall not transfer any funds from the City's pledged system revenues to any fund other than the Interest and Sinking Fund until such time as an amount equal to the annual debt service on the Obligations for the then-current fiscal year has been deposited in the Interest and Sinking Fund;
    - ii. the Obligations must include a requirement that for each year the Obligations are outstanding, and prior to the time taxes are to be levied for such year, the City shall establish, adopt, and maintain an annual budget that provides for either the monthly deposit of sufficient surplus pledged revenues and/or tax revenues, the monthly deposit of any other legally available funds on hand at the time of the adoption of the annual budget, or a combination thereof, into the Interest and Sinking Fund for the repayment of the Obligations; and
    - iii. the Obligations must include a requirement that the City shall at all times maintain and collect sufficient rates and charges in conjunction with any other legally available funds so that after payment of the costs of operating and maintaining the system, it produces revenues in an amount not less than 1.10 times debt service requirements of all outstanding Obligations of the City and other obligations of the City which are secured in whole or in part by the pledged revenues, for which the City is budgeting the repayment of such Obligations, or the City shall provide documentation which evidences the levy and collection of an ad valorem tax rate dedicated to the Interest and Sinking Fund, in conjunction with any other legally available funds, sufficient for the repayment of debt service requirements.

APPROVED and ordered of record this 21<sup>st</sup> day of May 2020.

Does the applicant meet Water Loss Threshold Requirements?

**Yes****No****NA****ADDITIONAL INFORMATION****STAFF NOTES AND RECOMMENDATIONS**

## DEFINITIONS

**Adopted** refers to a water conservation plan that meets the minimum requirements of the water conservation plan rules and has been formally approved and adopted by the applicant's governing body.

**Apparent losses** are paper losses that occur when the water reaches a customer, but the volume is not accurately measured and/or recorded due to unauthorized consumption, customer meter inaccuracy, or billing system and collection data errors.

**Approvable** refers to a water conservation plan that substantially meets the minimum requirements of the water conservation plan rules but has not yet been adopted by the applicant's governing body.

**Best Management Practices** are voluntary efficiency measures that save a quantifiable amount of water, either directly or indirectly, and that can be implemented within a specific time frame.

**GPCD** means gallons per capita per day.

**GCD** means gallons per connection per day.

**Infrastructure Leakage Index (ILI)** is the current annual real loss divided by the unavoidable annual real loss (theoretical minimum real loss) and only applies to utilities with more than 3,000 connections and a connection density of more than 16 connections per mile. The **ILI** is recommended to be less than 3 if water resources are greatly limited and difficult to develop, between 3 and 5 if water resources are adequate to meet long-term needs but water conservation is included in long-term water planning, and between 5 and 8 if water resources are plentiful, reliable, and easily extracted. The **ILI** is recommended as a bench marking tool, but until there is increased data validity of the variables used in the calculation, the **ILI** should be viewed with care.

**NA** means not applicable.

**Real losses** are the physical losses, largely leakage, from the infrastructure: mains, valves, and storage tank overflows. Real loss constitutes background leakage (unreported and difficult to detect), unreported leakage (leaks that do not surface but could be detected), and reported leakage (leaks that often surface and those that are detected by the utility through leak detection).

**Residential GPCD** is the amount of residential water use (single and multi-family customer use) divided by the residential population divided by 365.

**Total GPCD** is the amount of total system input volume divided by the retail population divided by 365.

**Total water loss** is the sum of the apparent and real water losses.

**Water loss** is the difference between the input volume and the authorized consumption within a water system. Water Loss consists of real losses and apparent losses.

**Water Loss GPCD** is the amount of water loss divided by the retail population divided by 365.

**Water Loss per Connection per Day** Calculated as the water loss volume divided by the number service connections divided by 365. This indicator allows for reliable performance tracking in the water utility's efforts to reduce water losses. It replaces water loss percentage.

**Water Loss Thresholds** are levels of real and apparent water loss determined by the size and connection density of a retail public utility, at or above which a utility receiving financial assistance from the Texas Water Development Board must use a portion of that financial assistance to mitigate the utility's system water loss.

**Wholesale Adjusted** represents that some utilities provide large volumes of wholesale water to other providers that travel through the general distribution system, so a calculation has been established to adjust for that volume of wholesale water. These adjustments are only applicable for use in determining whether a utility meets or exceeds water loss thresholds in review of their application for financial assistance. These adjustments should not be used for performance tracking or benchmarking.
