

EXPLANATION

- ^{190E}
Well used for control
- Number indicates altitude of base of Chicot aquifer
- "E" indicates estimated altitude
- 200 —
Structure contour
Shows approximate altitude of base of Chicot aquifer
- Contour interval 100 feet
Datum is mean sea level
- ¹²⁷
Well used for control
- Number indicates altitude of water level
- 100 —
Water-level contour
Shows approximate altitude of water level
- Contour interval 20 feet
Datum is mean sea level

Figure 12

Approximate Altitude of the Base of the Chicot Aquifer and the Approximate Altitude of Water Levels in Wells Screened in the Aquifer, 1966-67

Base map from U.S. Geological Survey topographic quadrangles
